THE CLIMATE CLASSROOM @ COP27

QUICK LEARNING FOR LONG-TERM SOLUTIONS

'Short on time' doesn't have to mean 'short on learning'. With our 45-minute online classes, staying up-to-date on climate change issues has never been so easy!

The Climate Classroom @ COP27 is an innovative learning experience designed to help those attending get quickly up-to-speed on key climate issues. Throughout COP27, our team of experts will deliver online 45-minute classes that expose and introduce learners to a range of climate change topics – allowing particularly delegates of climate vulnerable countries to play an active role in climate negotiations. Learning about climate change is essential to making timely, effective and sustainable decisions – join us in The Climate Classroom and stay up-to-date on climate at COP27 and beyond!
